REPORT FOR ALUMNI INTERACTION MODULE (AIM) –VII

Speaker: Ms. Karishma Hentry

Topic: Teaching and Research: The Path Less Trodden

Date: 17-7-2021

Time: 6 PM

No. of Students Participated:42

Introduction

Karishma Henry, Alumnae of SCAS is a genius having good communication skills and presentation skills. She is pursuing Ph D in University of Kerala. She wants to build a good career in teaching and to become a creator and motivator in the organizational environment.

Expected outcome

1. To know about teaching and research in commerce
2. To get tips for passing eligibility tests for M Phil and PhD
3. To get awareness about the research paper publications

Report

The Department of Commerce organized an alumni interaction for the students of the department interested in pursuing teaching as a profession on July 17, 2021 from 6.00 pm to 7.00 pm on the topic 'Teaching and Research: The Path Less Trodden'. The speaker was our alumna of 2014-2017 BCom Computer Applications –B Batch, Ms. Karishma Hentry.

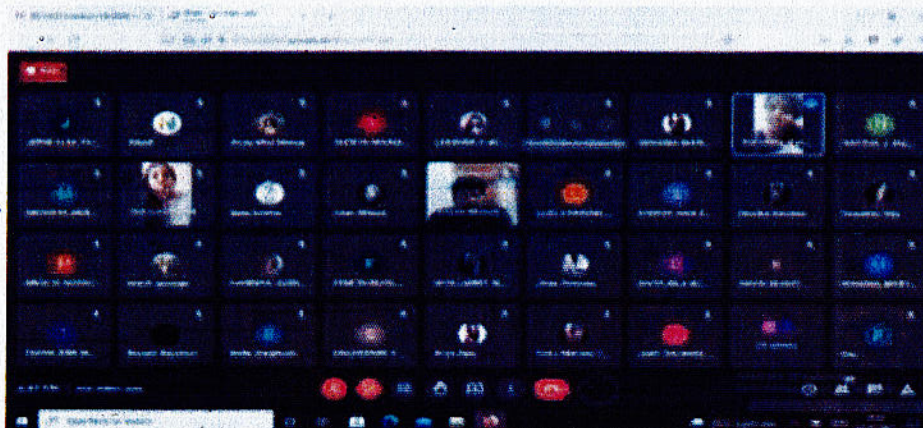

Karishma completed her MCom and MPhil and is currently working as lecturer at St. Albert's Collège, Kochi. She has also qualified NET, and is set to pursue her Phd in Commerce.

During the session she highlighted the pros and cons of opting for teaching as a career in commerce. She highlighted the need to focus on the add-ons needed to move ahead in the field such as

- need to qualify Net
- need to pursue Phd.
- need to publish research papers in UGC care and Scopus indexed journals -
- need to present papers in national and international conferences.

She offered tips on preparing for NET, for identifying UGC care and Scopus indexed journals and the weightage that these have in a teaching career.

She also effectively addressed the queries of the students and instilled confidence in them to consider teaching and research as a career option.

The session which was organized by Asst Prof. Preetha Thomas, was attended by more than 70 participants. It was well received and truly beneficial.

Question and Answer during the session:

Q1) What is the importance of research?

Put simply you reach a stage in your education where you need to be taught by someone who is actively engaged in advancing their subject. That is not rocket science but the people that confuse training with education simply do not understand.

Q2) Is it easy to publish in Scopus indexed journals?

Journal publication is a complex procedure in every researcher's life. But, if you follow the right procedure to publish your paper then **it becomes very easy to publish in Scopus Indexed journals.**

All you need to know is the right steps and procedure to **write a research paper and publish it** in a good Scopus Indexed journal.

Q3) Why Scopus Indexed journals are so important?

As we have discussed, every researcher or student needs to publish a paper in Scopus indexed journal to fulfill their degree requirement. But Scopus is such a prestigious

journal database and indexing platform. Scopus only selects journals after checking several parameters of a journal. So, only the best quality journals get a chance for the indexing status of the Scopus. This means the journal which is indexed in the Scopus database are considered to be high in standard and most researchers and scientist refer to those journals for their future work or research. So getting a research paper published in a **Scopus indexed journal** brings extreme joy and prestige for any author or researcher.

Q4) How to search Scopus indexed journals?

Always search any Scopus indexed journals on the official website of Scopus.

Step-1

Go to <https://www.scopus.com/sources>

Step-2

You can search the journal by these parameters

1. Subject area
2. Title
3. Publisher
4. ISSN

5. If you know the ISSN of the journal, then choose the Option "**ISSN**" from the option and write the ISSN on the right-hand side of the search bar and press the "**Find Source**" button

REPORT FOR ALUMNI INTERACTION MODULE (AIM) - IX

Speaker: Ms. Krupa Susan Babu (2017-2019)

Topic: Idea of Financial Corporate Industry

Date: 27-7-2021

Time: 10.15 AM

No. of Participants: 25

Introduction

Krupa Susan is an excellent speaker and motivator who won many prizes in public speaking competitions and problem solving competitions. She is working as associate operations analyst at Envestnet.

Expected Outcome:

1. To get an idea about the corporate world
2. To know the placement process of Envestnet
3. To be aware of the work life balance

Report

The alumni interaction was held on July 27, 2021 at 10.15am to 11.15am. The seminar was addressed by our Alumna Ms. Krupa Susan Babu, Associate Operations Analyst at Envestnet Inc, Technopark. The session was attended by more than 32 attendees including students and faculty of commerce department.

During the session she mentioned many things from her time in college and her experience in the industry. The entire session spanned for 1 hour in which she highlighted the pros and cons of corporate finance industry. She guided the students regarding the group discussion, value of

F APPLIED SCIENCES

communication skill and benefit of positive attitude, especially while going for an interview. The whole event was very energetic and successful students of commerce department raised many doubts and queries regarding placement and work life environment, which was promptly answered by Krupa Susan babu.

Question and answer session

1. **Idea on the corporate world-** krupa explained that being a commerce student and fresher, the company took care in giving training session and get acquainted with the system
2. **Work life balance-** she emphasized that the tasks were entrusted within the working hours and was quite enjoyable. They encouraged to participate in talent competition and was quite motivating.
3. **Placement process-** she explained about the campus placement and it had various rounds like aptitude test, group discussion as well as personal interview. Training session within the college helped to face these process.
4. **College life** – she explained about various activity participation in the college like arts fest, inter collegiate fest, smile competition and her experience in participating for the same.
5. **Additional skill requirements-** she emphasized the importance of value added courses and the need of getting additional certification on excel, tax computation etc
6. **Communication skill** – utmost importance is to be given for interpersonal skill and it matters a lot in the corporate world

REPORT FOR ALUMNI INTERACTION MODULE (AIM)

Speaker: Mr. Nikhil Abraham Jacob.(2014-2017)

Topic: My Road to Management

Date: 27-8-2021

Time: 2 PM

No. of participants: 76

Introduction

Nikhil Abraham Jacob is working as Area Sales Manager of Reckitt, North East India. He is handling business of 9.5 cr monthly. He is responsible for managing a team of 6 associates and 28 channel partners. He is going to speak about the management jobs and the qualities needed to get a good management role in companies.

Expected Outcome

1. To get an idea about the management jobs
2. To know about the reputed institutions providing management training
3. To get an awareness on modern managerial practices

Report

The alumni interaction was held on August 27, 2021 from 2.00 pm to 3.15 pm. The interaction was addressed by our Alumna Mr. Nikhil Abraham Jacob, Area Sales Manager, North East India, Reckitt. The session was attended by more than 40 attendees including students and the faculty of the commerce department.

During the session he first talked about his academic life and then about his pursuit of a good MBA degree from a reputed institute in India. He shared the experiences he had while pursuing his MBA from Goan Institute of Management (GIM) and the competition he had to

Ans. Most top rated institutes offer PGDM. These two words are more often used interchangeably and there is no need to consider one to be lesser than the other. MBA's are offered by institutes which are affiliates to a University. Most analysts say that a PGDM is more updated than an MBA because in University syllabus changes occur once in four years while in an institute syllabus change occurs almost every year.

Q 5. Which branch or specialization in MBA has more career/ job prospects?

Ans. There is no such special branch that has a special job advantage. One should choose a specialization in which you have an interest and then try to excel in it. But add to it the fact that there are lots of new specializations in MBA/PGDM.

face while studying there as well as in his recruitment. He was able to clear the doubts of a number of students regarding the kind of qualifying examinations that one has to clear while pursuing MBA in institutions at the state, national and international level. The students found his answers quite easy to understand and very useful. He reminded the students of the importance of having a goal in life and keeping one's focus on the goal despite all the distractions that could come in the way. The meeting lasted for more than an hour and ended by 4.15 pm.

The programme was coordinated and moderated by Asst. Prof. Aby Alex William.

Question & Answer Session

Q1. How should we choose an institute for doing our MBA?

Ans. Always choose top tier institutes as most companies (which are industry leaders) prefer to recruit from Tier I or Tier II companies. So getting the best opportunity and exposure depends on the kind of institute you do your MBA.

Q 2. What are the things that we should consider while choosing an MBA college?

Ans. Always choose the institute first and then the place. Never go for a place for doing your MBA as it's pointless because ultimately the quality of your MBA depends on the institute and not the place.

Q 3. Do you think India is a place where you are able to expand your career prospects? Have you ever thought of going abroad?

Ans. There are lots of career opportunities in India. Despite the fact that foreign countries provide better living conditions, India offers enough opportunities for career growth. Most of the graduates from top tier MBA institutes are working in India itself. This shows the importance of India in career prospects.

Q 4. What is the difference between an MBA and a PGDM?

COLLEGE OF APPLIED SCIENCES

REPORT FOR ALUMNI INTERACTION MODULE (AIM)

Speakers: Mr.Aravind A
Mr. Amruth Itty Abraham

Topic: A Road Map for Attainment of Career Goal

Date: 4-10-2021

Time: 11.30 AM

No.of participants: 120

Introduction

Aravind and Amruth are employees of Federal Bank, and during their college days, they performed well in academics and extra curricular activities. They are placed through campus recruitment. The Department of commerce planned an interaction with students of SCAS for giving an orientation about the steps to be taken for the achievement of career goals.

Expected outcome

1. To set goals about future career
2. To be more selective in career options
3. To make trials for achievemem
4. **Report**

The alumni interaction was held on October 4, 2021 at 11.30am to 12.30pm. The seminar was addressed by our Alumnus Mr.Aravind(Manager at Federal Bank Ltd.of Nedumbassery Airport Branch)Mr Amruth Itty Abraham(Assistant manager at Federal Bank Ltd of Nedumbassery Airport Branch.The session was attended by 120 attendees including students and faculty of commerce department.

COLLEGE OF APPLIED SCIENCES

During the session they mentioned many things from their time in college and their experience in the Banking Industry. The entire session spanned for 1 hour which highlighted the pros and cons of the banking industry. They also guided the students regarding the preparations for the banking field, especially while going for an interview. The whole event was very energetic and successful students of the commerce department raised many doubts and queries regarding placement and work life environment.

The programme was coordinated and moderated by Asst. Prof. Jinta Thomas & Vineetha P George

ALUMNI INTERACTION SESSION

Q1 Which are the better platform for the trading of securities and shares?

Ans:- There are a lot of options available in the market but we prefer using Zerodha and upstocks as they are easy to use and charge very less commissions. No matter what platform you use, students must start trading in securities and should open a DEMAT account. This can help you to get more practical knowledge of what you learn from your textbooks.

Q2 Which is ideal for students- Crypto currencies or shares and mutual funds?

Ans:- We can't actually compare both because crypto currency and share securities are entirely different. When it comes to its acceptance, shares and securities are regulated by SEBI whereas crypto currency is not regulated and legally accepted. Thus crypto currency is very risky and volatile.

Q3 To get placed in the banking sector, what are the minimum educational qualifications required and are it compulsory to have post-graduation?

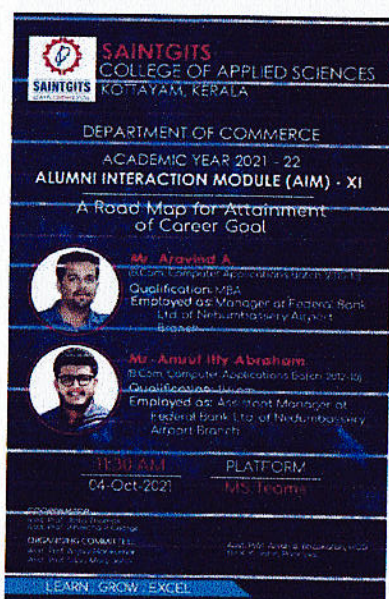

Ans No, it is not compulsory to have a PG but it is always better to have one because it makes you more equipped with knowledge and technical exposure. Both the resource personnel attained their jobs at Federal Bank directly after completing their B.Com and got campus placement in the role of clerk.

Q4 How to get equipped for the recruitment processes and prepare for campus placements?

COLLEGE OF APPLIED SCIENCES

Ans: - Every candidate must make sure that they know what is happening around the world especially in the business world. For that they should regularly read business dailies like the economic times. Attending various inter college fests and participating in events like business quiz and other management games will help you to know more about the management world and attaining these certificates can make you exclusive and irreplaceable

DEPARTMENT OF COMMERCE

REPORT FOR ALUMNI INTERACTION MODULE (AIM)

Speaker: Ms. Anjana K S (2015-2018)

Topic: Journey To The Pinnacle Of Management

Date: 18-12-2021

Time: 11.30 AM

No. of Participants: 33

Introduction

Anjana K S is expert in preparing MIS reports for assisting in strategic decision making. She is an experienced financial and valuation analyst and prepared reports on scenario modelling and sensitivity analysis. She interacted with the students and delivered tips to get managerial skills for corporate jobs

Expected Outcome

1. Understand the new managerial techniques in the modern world
2. Identify the management job opportunities
3. Understand the ways to find out the problems for key managerial problems

Report

The alumni interaction was held on 18th December 2021 at 11:30 AM through google meet platform. The seminar was addressed by our Alumna Ms. Anjana K S, Finance Consultant in IBM. She completed her Post Graduation in Management at IIM Ranchi. The session was attended by more than 35 attendees including students and the faculty of the commerce department.

During the session she mentioned many things from her time in college and her experience in IIM ranchi, how she has achieved such a height after under graduation. The entire session spanned for 1 hour where she interacted with the students in a well-disciplined manner and also her life experiences towards achieving a place in IIM institutes. She guided the students regarding the group discussion, value of communication skills, and benefit of a positive attitude, especially while going for an interview. The whole event was very energetic and successful students of the commerce department raised many doubts and queries regarding placement and work-life environment. The session became interactive when students raised their doubts regarding MBA courses. She also explained about her life experiences towards cracking competitive exams.

The programme was coordinated and moderated by Asst.Prof. Christy Achu Chandy.

DEPARTMENT OF COMMERCE
ALUMNI INTERACTION MODULE(AIM)- XII
CONNECT.EMPOWER. INSPIRE

Speaker: Ms. Dona Cherian (B. Com Computer Applications 2010-13 Batch)

Topic: Connect. Empower. Inspire. An Inspiring session in connection with Women's Day 2022

Date: 15-3-2022

Time: 10.15 AM

No. of students participated: 60

Introduction

Dona Anna Cherian is working as assistant online editor of Gulf News UAE. During her college days she was selected as Kalathilakam in Arts Fest and won many prizes in best manager competitions conducted by different colleges. She was excellent in academics and a rank holder of Mahatma Gandhi University b Com Computer Applications. She is specialised in journalism and a right person to speak about women empowerment and gender equality.

Expected Outcome

1. To be aware of importance of women education
2. To know about gender equality
3. To get in depth idea about the role of women in education

Report

The alumni interaction was held on 15th March 2022 at 10.15AM through google meet platform and students attended the session through a hybrid mechanism.

The session was addressed by our Alumna Ms. Dona Cherian, Assistant online editor-Gulf News. She completed her Post Graduation in Management of Media and communication. The session was

attended by more than 65 attendees including students and the faculty of the commerce department. This session was conducted as part of Women's Day celebration 2022.

The entire session spanned for 1 hour where she interacted with the students describing the importance of Education for women, her career journey and life in SCAS. She mentioned the power of hard work, determination and good communication skill. Students made the session more interactive by asking questions relating to media, journalism as a profession etc.

Q&A

Tell us your opinion about the role of women in education.

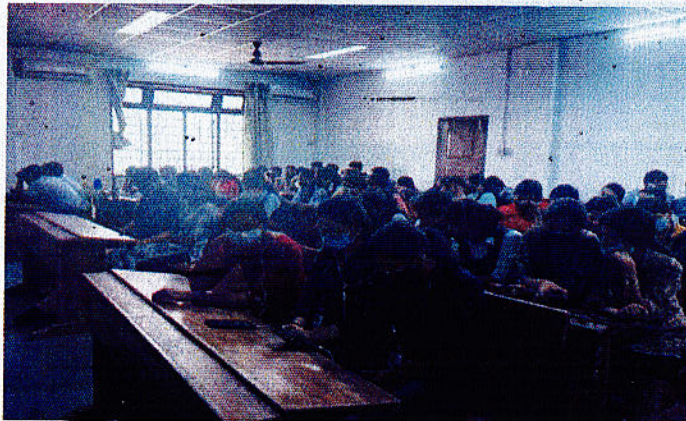

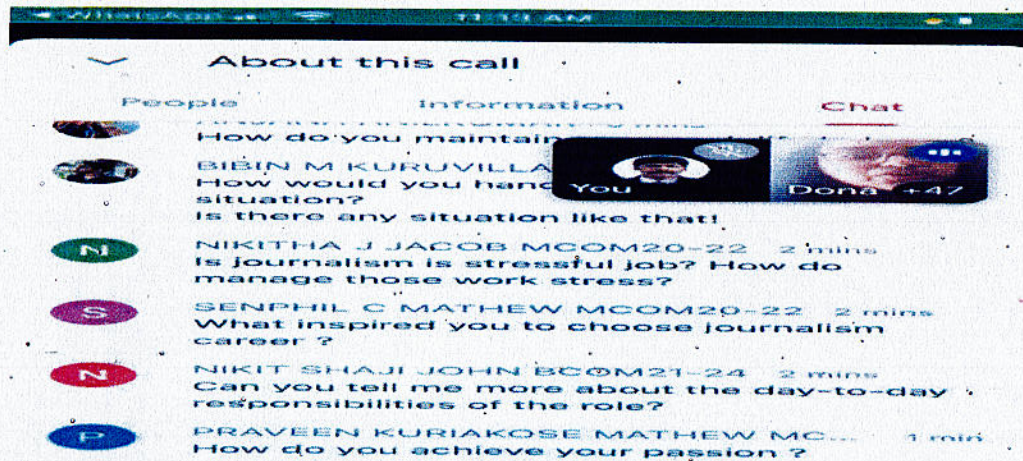

The balanced ratio of men and women is important in every area of life, not only at home, but also in the workplace, public life and surely in educational institutions. That allows for differing perspectives to be put forth and diverse ideas to flourish.

Q.2 There is a common opinion that women are better for leadership roles than men. What is your opinion?

It may be true. I think it depends on situations, type of the organisation and many other factors. Anyway it is true that a working homemaker is better in keeping work life balance than a man.

Q.3: Women empowerment and gender equality becomes a discussing topic in Indian Media. What is the reason for that? Is it related to Indian culture?

India is a diverse country. The cultural difference might cause inequality and consider women as 'Abalas'. But through education and inception we could make a drastic change.

REPORT

The P.G. Department of Computer Applications and A.I. organised an Industry Integrated Programme for BCA and MSc (AI) students on the topic "Career Opportunities in Artificial Intelligence" on 5th November 2021 from 2.30 pm TO 3:30 pm. Mr. Sojan Thomas, System Engineer, TCS was the resource person. A total of 185 members have participated in the program and benefitted from it.

The resource person briefed the students about his work at TCS prior to presenting a talk on vivid career opportunities existing in the area of Artificial Intelligence, which is also one of the fast - growing areas of computer-science research. He has covered the following points during his talk:

- Introduction to the basics of Artificial Intelligence
- How companies make use of Artificial Intelligence
- Vast applications of Artificial Intelligence
- Different career opportunities in Artificial Intelligence
- Skills required to build a career in Artificial Intelligence
- Surging demand for Artificial Intelligence talents in IT industry

The interaction helped in providing the students an insight about what Artificial Intelligence is and how it has become the latest trend in the computer science area.

SAINTGITS COLLEGE OF APPLIED SCIENCES PATHAMUTTOM, KOTTAYAM

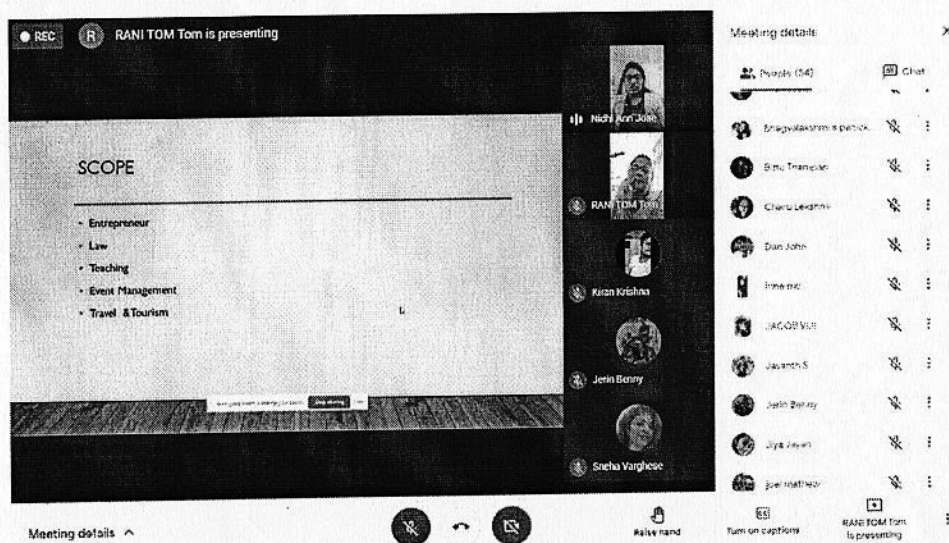

X

DOORSTEPS TO YOUR FUTURE CAREER REPORT

Our college, Saintgits College of Applied Science hosted an Interactive Motivational Session conducted by reputed alumna Ms. Nidhi Ann Jose, a Senior Associate at (professional services giant) KPMG Global Services Private Ltd on 8th February 2021. The session was organized under the guidance of Asst. Prof. Ms. Rani Tom, and the presidential address was given by the Respected Principal of our Institution Dr. K.K John. The session covered a range of topics relevant to the modern context of business. The discussion proved incredibly enlightening for the students and it helped widen their perspectives on the sheer vista of opportunities that await them in their career. The students received it quite positively with brisk enthusiasm.

Finally, the student representative Jacob Viji concluded the session by vote of thanks.

BA CORPORATE ECONOMICS

Department of Corporate Economics

Alumni Interaction module (AIM)

The department initiates and arranges alumni interactions to motivate and encourage the students to set high goals and accomplish them. Alumni interactions provide valuable opportunities and create networking prospects among the students.

2018-19

Lecture on Project research

The final year students need to complete project work during the third year as part of their curriculum. Thoughts and experiences on developing a good project and the steps to complete project work on time successfully was shared by the alumni Mr . Amal Lal. A narrow session on creating interest in research was also undertaken.

2021-22

Entrepreneurship Strategies- Green entrepreneurship and sustainable development

A session on the importance of green entrepreneurship was handled by Alumni Joel Mathew Thomas on 15/10/2021. He is an entrepreneur who runs a shop of electric scooters. Mr. Joel commented on importance of using electric vehicles in daily life and the importance of growth with sustainable development.

Mr. Joel Mathew Thomas Batch 2018-21 batch interacting with the students
