Learner Outcome

"I stated on my CV that I had experience in regression modelling and cluster analysis, could code in R and SAS, and had trained younger staff - almost all of this was as a direct result of the Coursera courses I'd taken. A week later an agency called and said they'd love to take me on with a flexible schedule and for more than double my previous salary."

Coursera for Campus

Thank you for agreeing to participate in the Coursera for Campus program. We feel privileged to have the opportunity to assist you and your students during this challenging time.

Our team will be reaching out to you soon about setting up your learning program. We are currently working through a large volume of requests and while we are quickly working to onboard as many new programs as possible, it may be a few business days before you hear from us.

If you don't already have a Coursera account with the email address that you used to submit this request, you can create one quickly by clicking [here](#). This will be required to create your Coursera program and will help us get you set-up as quickly as possible.

In the meantime, you are welcome to view our recent webinar: "[Resources to Take Learning Online](#)." **To connect with other impacted universities**, please visit our [Coursera for Campus Community Forum](#) to sign up for an account and post. Please sign up for a Coursera Community account and [introduce yourself](#).

We look forward to being in touch shortly.

Thank you,
The Coursera for Campus Team
