Search Mathematics

Cambridge is a leading global publisher in pure and applied mathematics, with an extensive programme of high quality books and journals that reaches into every corner of the subject. Our catalogue reflects not only the breadth of mathematics but also its depth, with titles for undergraduate students, for graduate students, for researchers and for users of mathematics. We are proud to include world class researchers and influential educators amongst our authors, and also to publish in partnership with leading mathematical societies.

 Editors: Brett Ashley Leeds, Rice University, USA, and Layna Mosley, Princeton University, USA
 Editorial board
 Published on behalf of the International Organization Foundation.

International Organization (IO) is a leading peer-reviewed journal that covers the entire field of international affairs. IO features articles that propose generalizable theories, improve our understanding of knowledge, and/or offer new empirical insights on the broad range of subjects that encompass international relations and global politics.
