**Report submitted to Mahatma Gandhi University based on Suggestions received from the stakeholders of Saintgits College of Applied Sciences, Pathamuttom, Kerala during the academic year 2021-22**

This college namely, Saintgits College of Applied Sciences, takes feedback from our stakeholders on yearly basis in order to improve the teaching-learning process and other facilities which contributes to the holistic development of students. We would like to bring to your kind attention, the following suggestions that we received from them for your kind perusal:

- The syllabus and curriculum of the UG programmes was revised in 2017. Revision of the syllabus and curriculum should take place at least once in 5 years. Now it is 6 years since it was revised.
- Suggestions from affiliated colleges may also be taken while finalizing examinations dates.
- Postponing examinations after the publication of timetable may be avoided as far as possible.
- Our university is very punctual in conducting the VI semester UG examination and is publishing the results. But in the case of I<sup>st</sup> to V<sup>th</sup> semester examination, there is inordinate delay in conducting the examination and in publishing the results. Kindly take necessary measure for the systematic conduct of the exam.

Kindly take into consideration the above suggestion and do the needful.

Dr. K. K. John
