The Human Race Campaign

The department of Computer Applications in association with IQAC conducted an international campaign on world humanitarian day on August 19, 2021 with United Nations.

The Human Race, which is the global challenge for climate action in solidarity with people who need it the most; and to put the needs of climate-vulnerable people front and centre at the UN climate summit (COP26).

With most climate campaigns focused on slowing climate change and securing the planet's future, World Humanitarian Day 2021, will highlight the immediate consequences of the climate emergency for the world's most vulnerable people and ensure that their voices are heard, and their needs top the agenda at the UN Climate Change Conference (COP26) in November.
