## Report On Class on Organic Farming

38 volunteers participated in the class on Organic Farming. Mr. George Mullakara gave the students detailed instructions and information about what NSS volunteers must do. He told the students that they must take a survey of the place assigned to college by the university. The main motive of the NSS volunteers should be to spread awareness about organic farming and its benefits. This project is known as 'Jaivam'. He took a very interactive class and gave students a book, which had detailed information of all the organic farming methods. He told the students that they must be very bold and courageous to face the society. He motivated the students by telling his experiences when he was in his school.

Mr. George Mullakkara handling session about organic farming
