

Assessment Period 2017-2024

Criterion 1: Curricular Aspects

1.3.1 - Institution integrates cross cutting issues relevant to Gender, Environment and Sustainability, Human Values and Professional Ethics into the Curriculum.

List of core courses - Environment & Sustainability

SL No	Program Name	Sem	Course Code	Course Name	Thrust Area	Description
1	All UG Programs	2	EN2CC03	Issues that Matter	Environment & Sustainability	Importance of preservation of environment, trees and water, World peace and tolerance towards each other, Unique qualities of women especially mothers
2	B.Com (Computer Applications & B.Com Taxation	1	CO1CRT01	Dimensions and Methodology of Business	Environment & Sustainability	Topics include Research, CSR
3	B.Com (Computer Applications & B.Com Taxation	1	CO1CRT02	Financial Accounting -1	Environment & Sustainability	Topics include Farm Accounting
4	B.Com (Computer Applications & B.Com Taxation	1	CO1CRT03	Corporate Regulation & Administration	Environment & Sustainability	It includes CSR

5	B.Com (Computer Applications & B.Com Taxation	1	CO1CMT01	Banking & Insurance	Environment & Sustainability	Topics cover Green Banking that focus on Environment and Rights and Obligations of Banker & Customer focuses on Professional Ethics, Banker customer Relationship.
6	B.Com (Computer Applications & B.Com Taxation	2	CO2CMT02	Principles of Business Decisions	Environment & Sustainability	It includes optimum utilization of scarce resources.
7	B.Com (Computer Applications & B.Com Taxation	3	CO3CRT10	Marketing Management	Environment & Sustainability	Topics include Green marketing and its impact on environment.
8	B.Com (Computer Applications)	3	CO3CT0 2	Information Technology for Business	Environment & Sustainability	*E-waste and green computing and health issue, *cyber addiction and cybercrime, *cyber ethics
9	B.Com (Computer Applications & B.Com Taxation	4	CO4CRT13	Entrepreneurship Development & Project Management	Environment & Sustainability	It includes topics about women entrepreneur, Trade mark and green entrepreneurship.
10	B.Com (Computer Applications) & B Com Taxation	4	CO4CMT06	Logistics and supply chain Management	Environment & Sustainability	It includes topics on Green logistics.
11	B.Com (Computer Applications & B.Com Taxation	5	CO5CRT14	Cost Accounting -I	Environment & Sustainability	Topics include labor costing and cost control.
12	B.Com (Computer Applications & B.Com Taxation	5	CO5CRT15	Environment Management & Human Rights	Environment & Sustainability	The paper focuses on rights of women, focuses on environment management, human rights.

13	B.Com (Computer Applications)	5	CO5CMT08	Programming in C	Environment & Sustainability	Software coding language.
14	B.Com (Computer Applications)	5	CO5OCTO 2	Computerized Accounting	Environment & Sustainability	It includes tally and GST preparation, paperless concept.
15	B.Com (Computer Applications) & B Com Taxation	6	CO6CRT17	Cost accounting -2	Environment & Sustainability	It focuses the need of sustainable pricing.
16	B.Com (Computer Applications)	6	CO6CMT10	Database Management system	Environment & Sustainability	Database managing, Database under cloud.
17	M.Com (Finance & Taxation)	1	CM010101	Specialized Accounting	Environment & Sustainability	Accounting standards and green accounting.
18	M.Com (Finance & Taxation)	1	CM010103	Marketing Management	Environment & Sustainability	It includes topics about eco-friendly packaging & ethics of consumer behavior.
19	M.Com (Finance & Taxation)	1	CM010104	Management Optimization Techniques	Environment & Sustainability	It includes topics on optimum utilization and resources allocation.
20	M.Com (Finance & Taxation)	2	CM010203	International Business and Finance	Environment & Sustainability	Topics include natural environment and economic environment.
21	M.Com (Finance & Taxation)	2	CM010205	Strategic Management	Environment & Sustainability	It includes strategies for sustainable growth
22	M.Com (Finance & Taxation)	4	CM010401	Advanced Cost & Management Accounting	Environment & Sustainability	Optimum utilization of resources in marginal costing, transfer of pricing, cost control
23	M.Com (Finance & Taxation)	4	CM800401	Personal Investment & Behavioral Finance	Environment & Sustainability	It includes types of personal investment & behavioral factors

24	BBA	3	BA3CRT12	Marketing Management	Environment & Sustainability	The course discusses marketing environment factors influencing consumer purchase decisions and principles of ethical buying and selling.
25	BBA	4	BA4CRT17	Managerial Economics	Environment & Sustainability	The course discusses various economic policies and theories such as law of demand which are essential for sustainable growth of the economy.
26	BBA	5	BA5CRT23	Environment Science & Human Rights	Environment & Sustainability	The course discusses various environment management programs, environment issues and importance of sustainable living. The course also addresses human rights.
27	BBA	5	BA5CMT24	Intellectual Property Rights & Industrial Law	Environment & Sustainability	The course discusses certain industrial laws which support environment protection activities.
28	BBA	6	BA6CRT29	Strategic Management	Environment & Sustainability	The course includes business environment analysis, strategy formulation and implementation.
29	BBA	6	BA6PRP31	Management Project	Environment & Sustainability	The project topics cover consumer behavior, factors influencing consumer behavior, buying and selling strategies, branding etc.
30	BA (Corporate Economics)	6	EC6CRT03	Macro Economics II	Environment & Sustainability	Role of foreign trade as an engine of economic growth. Causes of great depression.

31	BA (Corporate Economics)	6	EC6CRT04	Fiscal Economics II	Environment & Sustainability	Provisions for allocating funds for environment conservation in the budget. Effects of mounting public debt on sustainable development.
32	BA (Corporate Economics)	5	EC5CRT04	Fiscal Economics I	Environment & Sustainability	Concept of public good, compensation principles.
33	BA (Corporate Economics)	5	EC5CRT09	Environmental Economics	Environment & Sustainability	Declaration of women rights, Concept of ecosystem and pollution. Deals with biodiversity, conservation and sustainable development. Environment policies and legislations to be followed by companies. Need of public awareness and importance of Human Rights.
34	BA (Corporate Economics)	5	EC5CRT03	Macroeconomics I	Environment & Sustainability	Concepts related to unemployment and full employment of resources.
35	BA (Corporate Economics)	4	EC4CRT07	Development Issues of the Indian Economy	Environment & Sustainability	Studies about pollution control policy and property rights. Different theories related to poverty and development.
36	BA (Corporate Economics)	4	EC4CRT07	International Economics II	Environment & Sustainability	Analyses effects of tariffs, BoP equilibrium, objectives of Bretton Wood agreement.

37	BA (Corporate Economics)	4	EC4CRT10	Economics of Financial Markets	Environment & Sustainability	Analyses working of banking and non-banking financial intermediaries. Contribution of stock market towards economic growth. Rational choices made by individuals for investing in various portfolios
38	BA (Corporate Economics)	4	EC4CRT09	Managerial Economics II	Environment & Sustainability	Various pricing methods, decision making under uncertainty and risk, concept of game theory.
39	BA (Corporate Economics)	4	EC4CRT09	Monetary Economics II	Environment & Sustainability	Role of banking financial intermediaries and liquidity preference of people- signifies the money management ability of people.
40	BA (Corporate Economics)	3	EC3CRT06	Indian Economy & Reforms I	Environment & Sustainability	Studies population policy, green revolution and concept of growth and development. Role of NGOs, factors affecting economic development of the country.
41	BA (Corporate Economics)	3	EC3CRT08	Monetary Economics I	Environment & Sustainability	Inflation, its causes and effects on different sections of society. Role of money.
42	BA (Corporate Economics)	3	EC3CRT07	Managerial Economics I	Environment & Sustainability	Role of manager in business. Characteristics of a good manager. Optimal choice selection, effects of advertisement on consumer behavior.
43	BA (Corporate Economics)	3	EC3CRT10	International Economics I	Environment & Sustainability	Analyze the gains from trade of engaging companies. Theories of trade prompts to attain

						sustainable growth.
44	BA (Corporate Economics)	2	EC2CRT08	Financial Administration	Environment & Sustainability	Concepts of public debt management, fiscal federalism, importance of freedom and discretion to use powers.
45	BA (Corporate Economics)	2	EC2CRT09	Micro Economics II	Environment & Sustainability	Analyses different pricing methods, break even analysis, welfare and compensation principle, rigid pricing under oligopoly.
46	BCA	1	CA1CRT02	Methodology of Programming and C Language	Environment & Sustainability	This course delegates the logical reasoning skills of the students. Original software code is written to conserve the sustainability in the code. Topic includes recursion, dynamic memory allocation.
47	BCA	2	CA2CRT05	Object oriented programming using C++	Environment & Sustainability	Students develop eco-friendly projects using concepts of object oriented programming and develop team building skills.
48	BCA	3	CA3CRT08	Operating Systems	Environment & Sustainability	Topic deal with Dead Lock Avoidance and Memory management leading to sustainability.
49	BCA	3	CA3CRT09	Data Structure using C++	Environment & Sustainability	Topic Include Garbage Collection.

50	BCA	4	CA4CRT10	Design and Analysis of Algorithms	Environment & Sustainability	This Course empowers students in algorithm designing and implementation, whereby time and space complexity can be minimized, thereby saving time and space which in turn reduces the number of instructional statements. Hence e- wastage and paper wastage can be minimized
51	BCA	5	CA5CRT15	IT and Environment	Environment & Sustainability	The subject named "ITE" helps the students to get more information regarding E-Waste, Green Computing. In addition, students learn about human rights and Indian Constitution.
52	B.Sc. Psychology	1	EN1CCT02	Pearls from the Deep	Environment & Sustainability	Topics in this paper reflect Environmental concerns.
53	B.Sc. Psychology	1	PY1CRT01	Foundations and methods of psychology	Environment & Sustainability	Topics includes- Environment psychology,
54	B.Sc. Psychology	1	HN1CCT01	Prose and one act plays	Environment & Sustainability	It helps students to understand the importance of saving our nature and provides students with the understanding of why it is important to preserve the environment in the future.
55	B.Sc. Psychology	2	EN2CCT04	Savoring the classics	Environment & Sustainability	Classical literature canon reflecting societal sustenance.

56	B.Sc. Psychology	2	ST2CMT22	Statistical tools	Environment & Sustainability	Relates to the environmental changes of variables such as weather, disaster etc
57.	B.Sc. Psychology	5	PY5CRT 14	Foundations of organizational behaviour	Environment and Sustainability	To familiarize and learn concept of human organizations and behaviour in organizations. To introduce topics like Leadership, Motivation, Power, Conflict, Negotiation, in organizations and to learn strategies to Manage organizations more effectively.
58	B.Sc. Psychology	5	PY5CRT15	Environmental Psychology and Human Rights	Environment and Sustainability	<p>Role of individual in conservation of natural resources, role of an individual in prevention of pollution, environment and human behaviour, Rights for children and women, declarations for women and children.</p> <p>-Natural resources, ecosystems, biodiversity and its conservation, environmental pollution, social issues and environment, environmental psychology, environmental perception, cognition, values and beliefs.</p>
